

Let me get this straight

We're going to be "gifted" with a health care plan we are forced to purchase and fined if we don't,

Which purportedly covers at least ten million more people,
without adding a single new doctor,

but provides for 16,000 new IRS agents,

written by a committee whose chairman says he doesn't understand it,
passed by a Congress that didn't read it but exempted themselves from it,

and signed by a President who smokes,

with funding administered by a treasury chief who didn't pay his taxes,

for which we'll be taxed for four years before any benefits take effect,

by a government which has already bankrupted Social Security and Medicare,

all to be overseen by a surgeon general who is obese,
and financed by a country that's broke!!!!

'What could possibly go wrong?'
